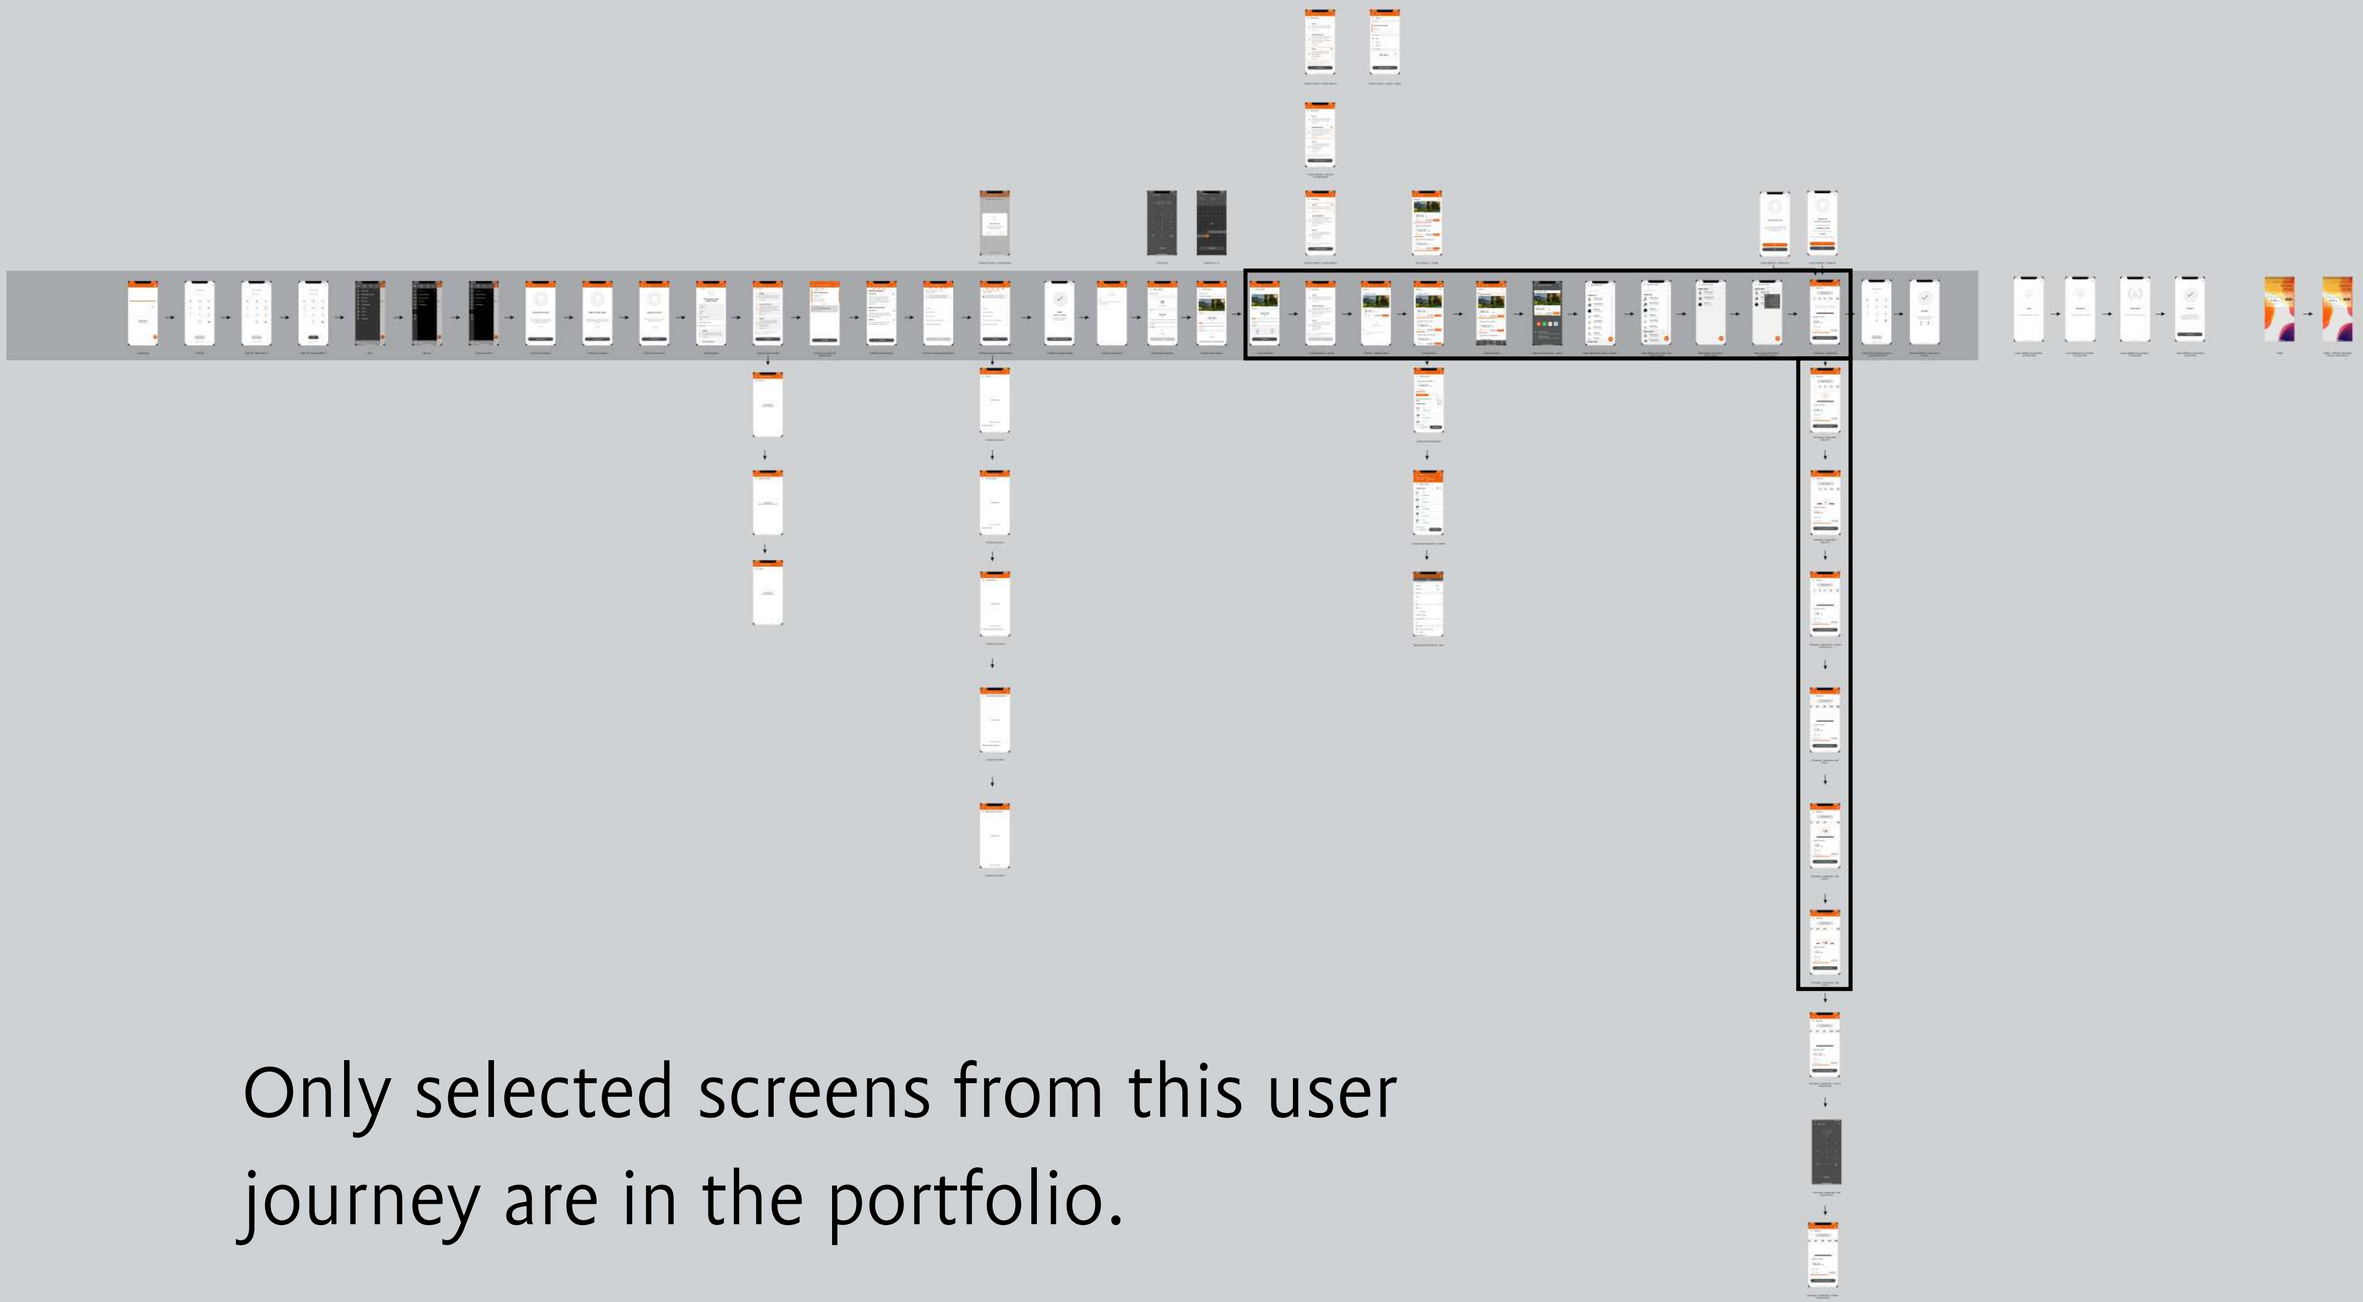
PORTFOLIO

PBZ NET BANKING APP

This is a self initiated project done using branding from PBZ (Privredna banka Zagreb). This banking app has a functionality called “CoinDrop” that allows clients to accumulate a part of his/her account balance to achieve a specific objective. They can set aside money for their objective at any given time in different ways (impulse, automatic rounding and periodic).



Only selected screens from this user journey are in the portfolio.

INSTANT ACCESS

No more chasing suppliers for information. EFS makes key supplier documents available such as Certificates, HACCPs, Policies & images for you to view and download anytime, anywhere.

SIMPLICITY

EFS has been developed with simplicity in mind. With minimal effort, you can create & share high quality food specifications throughout your supply chain.

LOW COST

We understand time is money. EFS automation replaces time and cuts your costs. Starting from £99.

FULLY COMPLIANT

Challenged against all Quality and Food Safety Standards for compliance.

More key features

Supplier Approval
Two way supplier approval process to meet industry requirements.

World Wide Access
Cloud based and accessible anywhere in the world even on mobile technology.

Auto-reminders
No need to chase suppliers to renew documents when they expire. EFS does this for you.

Live
All specs are live and accurate. Changes are instantly seen in your supply chain.

Notifications
Notification alerts can be sent when changes are made.

Multiple User Access
Set-up multiple users with personal logins. Include NPD and Sales personnel and give them Read Only or Admin rights.

Security
Fully secure with controlled encrypted user access.

All packages contain these benefits:

Unlimited Uploads / Downloads
No limitation when uploading or downloading information

Unlimited Sharing
Share unlimited specifications with your customers

Unlimited Raw Material Specifications
Request as many raw specifications from your suppliers

Contract free
No contract.
No hidden charges
No termination Fee

Unlimited Account Users
Create as many users as you require

Multiple Site Usage
Create as many company manufacturing profiles as you require

RCP (RELAX CONCIOUS PROGRAM) PROGRAM SVJESNOG OPUŠTANJA

App for relaxation and health. Installed on a laptop or PC the app lets you know when you have to take a break, walk, drin, sleep, go outside etc. With attractive illustrations which pop up on the screen each time in different position, it lets you know what to do in order to increase your health condition.

Knjiga Učiniti svoje proizvode vidljivima

Ponosno Vam predstavljamo knjigu nastalu na temelju znanja kojeg prenosimo na seminarima **Učiniti svoje proizvode vidljivima**.

Znanje o vidljivosti proizvoda

U knjizi **Učinite svoje proizvode vidljivima** čitatelj stječe osnovna znanja o struci dizajna. Uči se kako povećati vidljivost svojih proizvoda i usluga te kritično i kreativno razmišljati. Čitatelji će kroz praktične primjere i vježbe dobiti znanje kako kvalitetno predstaviti proizvod ili uslugu krajnjem korisniku koristeći se vizualnim jezikom.

Čitatelj će također saznati kako prenijeti emocije, poruke i željene vrijednosti društva ili njihovih proizvoda i usluga kroz stvaranje logotipa, korištenu tipografiju, tiskane medije i dr.

RADLER

DON'T WORRY, BEEEER HELI!

Nova mješavina svijetlog piva, soka s velikim udjelom šumskog voća i helija! Odlično sredstvo za borbu protiv žeđi i dobra prilika za zabavu s piskutavim glasićem!
Za eksploziju okusa tu je nenadmašni grejp, a za mirisnu aromu već provjereni ale. Uz helij i grejp, potpuno zadovoljstvo je zajamčeno!

NEAREST SHOP

This is an Ecommerce app where a user can buy unique products with stories from Croatia which are produced in smaller numbers. With this app any vendor will be able to upload his own product, write stories and will not have to pay any royalty for the uploaded products. This will make products more competitive and price wise more attractive for the end user. This app is in a prototype phase.

HRTI

As an UX designer at CS Computer Systems I am working on making the product’s experience better with each new functionality. Users can watch live TV, add favorite assets to watch later, listen to radio, go to the past and watch a missed asset. Also a user can choose from a vast number of assets in multimedia section, something to watch or listen.
